

## Wagyu Beef Salad

### Instructions

1. Prepare your favourite salad just the way you like it and set aside.
2. Slice Wagyu Steak finely, 2mm to 5mm thick.
3. Heat grill to a high temperature.
4. Season Wagyu slices with Sea salt and Pepper. Do not add any oil or butter.
5. Cook Wagyu slices both sides until juices appear. This will only take seconds so please be careful not to over cook Wagyu.
6. Now toss through your favourite salad or serve on the side of your favourite salad.

### Ingredients

You will require the following ingredients.

- 200 – 250g Wagyu Steak
- Ingredients for your favourite salad
- Sea Salt and Pepper to Season
